

## SANITARY PRODUCT SHEET

### NON-RINSE, 70% ALCOHOL HARD SURFACE CLEANER

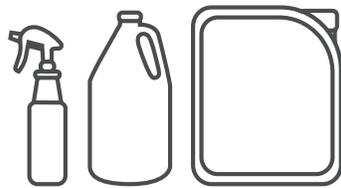

## NON-RINSE, 70% ALCOHOL HARD SURFACE CLEANER

This 70% alcohol-based formula is perfect for daily cleaning of light contaminants from hard surfaces. Its ready-to-use formula is great to spray on items that are regularly touched or handled and is ideal for manual cleaning applications. Clean a variety of hard surfaces such as tables, desks, chairs, workbenches, doorknobs, faucets, refrigerator handles, light switches, elevator buttons, keyboards, mice, telephones, pens, railings, personal protective equipment, steering wheels, vending machines, point-of-sale terminals, paper dispensers, shrink wrap/tape handles, floors and more.

### FEATURES

- No-rinse solution
- Slow evaporation to maximize the contact time on surface
- Food-grade alcohol
- Odourless
- Residue-free surface

Item	Container type	Size
CR8304	Spray	500 mL

CR8306	Jug	20 L

- Cromson Sanitary is a new range of ready-to-use products made in Canada, meeting today's disinfecting and sanitizing needs for hard surfaces and hand hygiene.
- The range consists of three products: a 70% alcohol-based disinfectant gel, a 70% alcohol-based hard surface cleaner and a heavy-duty cleaner, degreaser, and disinfectant for hard surfaces.
- We care about your health, which is why only quality Health Canada approved ingredients are used in the manufacturing of our products.
- The product formulations have been developed to maximize your comfort and well-being.
- In that respect, all our formulas are fragrance-free, allowing for a daily use of the products without any exposure to unpleasant odours.
- Several sizes are available to meet the needs of your daily reality. Whether in the plant, on a construction site, in your vehicle, at work or even at home, our offer is adapted to your reality.
